

Dear customer, The United Nations General Assembly is back in New York City next week.

That means security measures and street closures will be in place and delivery times will be affected.

In an effort to avoid late deliveries, we will be implementing overnight routes. Please contact us if you would like to be placed on overnight drop off delivery.

As always, we value your business and we'll do our best to accommodate your needs.

Thanks for your cooperation,

Team JGF
